OKLAHOMA LEGISLATURE CONCLUDES SESSION

The Second Session Lasted 67 Days;
74 Bills Become Laws.

FEW EMERGENCY LAWS

To be a Public Affairs Affairs Board,
Which Will Have Charge of
All State Purchases.

Guthrie, Ok., March 12.—The Second Oklahoma Legislature will adjourn sine die at a late hour tonight, after being in session sixty-seven days. According to the records of the Secretary of State, seventy-five of them originating in the senate and thirty-nine in the house. A large number of the measures are local in their nature, and the emergency clause, or the provision that is resorted to in giving a law immediate effect, has been sparingly used. A large number of bills will be presented to the governor as soon as the legislature adjourns and which he is allowed fifteen days to consider.

Total Appropriations.
It is believed the appropriations will amount to between \$5,750,000 and \$6,500,000 including provisions for all purposes of state government and the public institutions. It is es-

timated that the governor has approved bills carrying something over \$500,000. During the last two days a total of about \$2,000,000, while the House today, exclusive of the general appropriation measure, provided for over \$1,750,000.

The general deficiency measure will aggregate about \$275,000 and the general appropriation bill which the senate sent to the house, carrying about \$500,000, was increased to about \$956,000. Both of the appropriation bills are in conference tonight and may be reported with a reduced total. The general bill, in addition to appropriation for salaries of state officials and state employees, carries several heavy miscellaneous items that swell the aggregate and can not properly be figured among the fixed charges of the government. This bill gives \$30,000 for prohibition enforcement. One point in the deficiency bill

than a majority of whom may be of the same political party. They are to be appointed by the governor and confirmed by the senate. To this commission is charged the duty of purchasing all supplies used by the state or any of the departments, similar to the state purchasing department of Texas, and in addition supervises the erection of all state institutions, awards all contracts, and in effect, is the board of business managers for the state. Members to receive \$3,000 per year. It is made a felony for them to accept anything of value in connection with a contract directly or indirectly, and the letting of contracts to any person connected with the members to the third degree of relationship is prohibited.

It is unofficially understood tonight that one of the democratic members will be Col. Roy Hoffman of Chandler, who was a candidate for the United States senate in the first state election.

For appointment as the republican member republicans of the legislature have recommended Bert Chandler of Vinita, a business man of experience. Mr. Chandler was chairman of the Third congressional district campaign committee last November.

By House amendments, which the Senate accepted, to the Morris bill, proposing a repeal of Sec. 9 of the public service corporation article of the constitution, companies organized under the laws of this state may sell their properties to companies of any state, but the Oklahoma courts will retain supervision over such property located in the state. As it exists the section prevents such consolidations, and was generally complained of by commercial bodies and railroad men as retarding the construction of new lines here.

To Submit to People.

The senate passed a complete repeal of the section, but the house today made amendments offered by Mr. McCalla and Mr. Burnette, which will submit the following taken from the Louisiana constitution to a vote of the people, for adoption in place of the present Sec. 9 of Art. IX:

"If any railroad company, transportation company or transmission company organized under the laws of this state, shall consolidate by sale or otherwise, with any railroad, transportation company, or transmission company organized under the laws of any other state or of the United States, the same shall not thereby become a foreign corporation but the courts of this state shall retain jurisdiction in all matters which may arise, as if said consolidation had not taken place."

Oil Pipe Line Bill.

The senate agreed to the house changes in the Strain-Yeager oil pipe line measure over which the latter debated for several hours yesterday, and as the bill goes to the governor it defines the word "petroleum" as meaning all crude oil and its manufactured products, not including natural gas. A fear of those opposing the producers measure was based upon the language of a section defining who could use the state's highways by condemnation procedure, but as the bill now reads, belief is expressed that the state will retain full authority to control use of the highways. The section, however, that the word "person" as used in the act means any natural person, partnership or association of persons, or any corporation organized under the laws of the state of Oklahoma. It is also the belief of those backing the Strain-Yeager measure that the natural gas situation is not affected by the amended bill as that commodity is expressly mentioned to the contrary. The compromise amendments were agreed to at a conference in which participated Gov. Haskell, Attorney General West, Senator Strain, Representatives Wortman and Tillotson and a number of the oil producers. As it stands both sides are claiming the victory, although each admit the bill is not just what is desired.

A salient feature now not in the law is that providing for ouster proceedings, however, the penalty in money some heavier for the first offense. Mr. Wortman, representing the Claremore district, who engaged in the debate yesterday, arose to a question of personal privilege in the house and explained the statement by himself yesterday and which later upon his own request was stricken from the record. He said

that he was merely quoting a third person, and no words of his own.

Tillotson-Strain Bill.

The Tillotson-Strain bill preventing the waste of oil and gas in which Attorney General West discovered language that he said would give unrestricted use of the highways for the purpose of piping gas, and which bill had been recalled from Gov. Haskell's office, was given final passage again with the objectionable language stricken out.

The conference report on the Roddie insurance bill was adopted, adhering to the house amendments, which permit assessment insurance companies to operate in the state when they have a legal reserve of \$200,000, and stock insurance companies to write either participating or non-participating policies, provided the records of each are kept separate. Mutual companies may write participating policies. The bill will furnish a new code for the state insurance department.

In agreeing upon the general deficiency appropriation bill the \$3,000 item for expenses of state delegations attending National conferences was killed. Another conference report adopted was on the general road measure.

The Medal Contest.

On last evening at the Christian church was one of the most entertaining W. C. T. U. programs rendered that has ever been witnessed in the city.

The house was densely seated and standing room at a premium. The music and other interspersed preliminaries were fine, while the recitations by Misses Willie Faust, Lena West, Mamie Caldwell, Virlin Goad, Mary Kate Baker, Leone Steed and Master Hewey Howerton, contestants were delivered in such a graceful and oratorical manner that every heart seemed to pulsate with gladness. And when Prof. Perkins in his accustomed manner of doing such things awarded the medal to Master Hewey Howerton as the judges' decision, the hand clapping all over the large congregation was simply immense.

Mrs. G. T. Howerton, president of the W. C. T. U. certainly deserves praise for the great work she is doing for the elevation of the boys and girls of our city. If Mississippi has any more such women to spare as Mrs. Howerton we will gladly give them a hearty welcome among the many great women of our city.

THE USUAL STUNT OF THE NEW EDITOR.

Theodore Roosevelt, associate editor of the Outlook, begins his editorial career with an article on "Journalism," setting forth his ideas as to how a newspaper should be conducted.

It's just the usual stunt of a new editor.

Not strange, either, for there are thousands of people sitting around in this broad land who fancy that they know exactly how to run a newspaper and every now and then when one of them breaks into the business, the first thing he does is to write a long piece of that kind.

At the first swing of his facile pen, the novice knows more about journalism than the seasoned veteran has acquired in a lifetime. As a novice he is quite sure that he is strictly on to his job and feels satisfied that he is going to revolutionize things in a jiffy, but in the course of half a dozen or a dozen years, after bumping up against all sorts of propositions, he concludes that its blamed little that he knows about the noble art of moulding public opinion and at the same time realizing sufficient revenues to keep his landlord and grocer fairly well satisfied.

We had hoped that Mr. Roosevelt with his characteristic originality would begin his editorial career with something really illuminating and it is a distinct disappointment to us that he opens up with this regulation new editor talk.

Why, most noble Theodore, all of us thought about precisely those things you mention the first time we entered the sacred precincts of our sanctum—they belong in the kindergarten course. Your academic ideas do very well for the amateur, but it would certainly have been more becoming in you to have been a little less previous about giving lessons to the older members of the craft. After you have served an apprenticeship as a "devil" learned to "stick type" "make-up the forms" gather news and get your subscribers to pay up, hustle "ads" and meet your bills, you will probably know less about the business than you now know, but we'll more willingly listen to you.—Geo. Evans, Chickasha Express.

No man worked more sincerely and untiringly for Ada's success than W. J. Reed.

APPRECIATED

TO THE HOUSE REPUBLICANS OF THE LEGISLATURE.

Ada's state normal achievement could have never materialized except for a united support of the republican minority in the house of the legislature on the occasion of critical vote, being the first one in the committee of the whole.

Of course if the entire democratic strength had been on hand, the united effort of the republicans might not have been required to place the first straight vote above the essential number of 55 which is a bare majority of the full complement; but the fact remains, that the house membership was considerably decimated on this last day of the session and unless the republicans had extended liberal support along the first confidence could not have been maintained, and there would have been no call for the band wagon.

The people of Ada are under especial obligations to Judge Tate, our republican neighbor in Seminole. He was a tower of strength in the G. O. P. column.

When Colonel Gristmill Jones got right, he got right all over. Thanks to Ada's stalwart Oklahoma City influence and especially to Guy Carney's great friend Mr. Hales, capitalist at Oklahoma City, C. G. Jones, close associate who went to Guthrie and did incalculable service for Ada. Ada got the entire republican vote of 29, even the lone Guthrie negro, blacker than the ace of spades, voting "aye" for Ada.

To Jno. W. Beard, than whom Ada never knew a more loyal worker and C. M. Chauncey, local republicans, the city will always stand under obligations.

Senator Roddie, Thanks.

If the normal bill had not passed the senate, the victory could not have been secured in the house during the last days of the session. To Senator Roddie is due the credit of putting the normal bill through the senate. If he had never moved to substitute Ada for Duncan in the bill of Senator Smith and then fought for its passage, there could have been no Ada normal.

"RUM DID IT ALL" MURDERER'S LAST WORDS

WIFE MURDERER HANGED AFTER DECLARING DRINK CAUSED HIS DOWNFALL.

New Castle, Pa., March 12.—"Rum caused my downfall. If I had never taken a drink I would not have fired the shot that killed my wife."

These were the last words of Charles Quimby, the first American ever executed in New Castle as he mounted the scaffold in the jail yard and went calmly to his death to expiate the murder of his wife on Christmas morning.

Quimby walked across the prison yard to his death repeating his warning against the evils of drink.

Quimby murdered his wife in a fit of drunken rage, lying in wait for her with a shotgun as she was going to her work in a restaurant, and fatally wounded her. She died, after making a statement that her husband shot her.

The couple had separated in October, 1907, and because of cruel treatment the wife had applied for a divorce.

The murder took place two months later.

Quimby was convicted last March, but reprieve caused the execution to be postponed for a year. He pleaded insanity at his trial.

HEAD WOODMEN CONSUL C. BROWN, OF CHICKASHA

OTHER GRAND OFFICERS, FRANKLIN OF MADILL; SHANNON OF DURANT; WILCOXON, OF BYARS.

Chickasha, Ok., March 12.—In the election of officers by the head camp of the Woodmen of the World a Chickasha man, Dr. Charles P. Brown, won the highest office in the order, that of head consul of Oklahoma. The only other candidate for the honor was state senator, Franklin of Madill and the contest was a lively one, the final vote standing 128 for Brown and 98 for Franklin.

Other grand officer selected were as follows: Adviser, W. M. Franklin of Madill; clerk, W. S. Shannon, of Durant; banker, W. A. Wilcoxson, of Byars; escort, A. B. Carmichael, of Soyre; watchman, R. L. Duncan of Cumberland; sentry, W. S. Wolverton of Ardmore; board of managers, M. F. Cheany of Chickasha, chairman; George Brown of Muskogee, B. B. Moore of Holdenville, J. A. Davis of Norman and George Rollo of Wynnewood.

The election of delegates to the sovereign camp resulted as follows: Joe Edwards of Stratford, T. E. Roland of Ardmore, Marion Henderson of Pauls Valley; alternates, J. B. Phillips of Altus, J. C. Wales of Norman and J. W. Warlick of Elk City.

Other important business transacted was the passage of a resolution levying a 5c per capita assessment for additional expenses of the head camp and for expenses of the uniform rank.

The head camp adjourned last night. The total number of delegates and visitors in the city during the meeting was over 1,000.

CIRCUMSTANTIAL EVIDENCE.

The late A. J. Cassatt, at a dinner at the Philadelphia Country Club was asked his opinion of the fashion of women riding horseback astride.

"I don't altogether favor it," said Mr. Cassatt. "It sometimes leads to confusion."

"I was driving one afternoon on Lancaster Pike when a rider was thrown violently from a spirited bay horse. Luckily the accident happened in front of a pharmacy. The proprietor ran forth with his clerk. He propped up the head of the unconscious rider and, seeing a gold cigarette case lying on the ground, he took it up and read 'P. S. Browne 1838 Walnut street.'"

"Jack!" he shouted to his errand boy, telephone to Mrs. Browne, 1838 Walnut street, that her husband—"

"But just then a tiny gold hand mirror with a powder puff attachment fell from the rider's trouser pocket and the pharmacist called:

"Jack, I mean telephone Mr. Browne that Mrs. Browne has fallen—"

"But at this point the clerk, who had been burning a feather under the rider's nose, tickled her lips with it, and she smiled and murmured, 'Jim.'"

"And then the pharmacist shouted: 'Telephone Mr. and Mrs. Browne that Miss Browne has fallen off her horse.'—Everybody's Magazine.

GOOD-BYE TEDDY, SAYS OYSTER BAY, OLD FASHIONED HANDSHAKING

Men and Women, Boys, Girls and Babies Crowd Around, Expressing in Hearty Way Their Friendship.

Oyster Bay, March 12.—Mr. and Mrs. Theodore Roosevelt were guests of the united citizenship of Oyster Bay township at a farewell reception given them in the town hall tonight. One thousand men, women and children shook the hands of the former president and his wife.

An unlocked feature of the reception was the serving of a court order upon Mr. Roosevelt, directing the taking of his deposition in the suit of Peter A. Juley against the Town Topics Publishing Company, publishers of "Fads and Fancies," in which among many others, Mr. Roosevelt's picture appeared, as he asserts without his knowledge or consent.

Cheers for "Our Teddy."

The popularity of Mr. Roosevelt in his home town was attested by the cheers and cries of "our Teddy" that arose from the crowd that had besieged the Town Hall an hour before his arrival with Mrs. Roosevelt. While the reception was designed to be informal, it developed into a public function that will be long remembered in and about Oyster Bay.

Mr. Roosevelt stood at the railing in Justice Franklin's court room. By his side was Mrs. Roosevelt, who wore black satin and lace. Mr. Roosevelt was in gay spirits and had a pleasant word for every one as the crowd steadily filed by him.

"This is a pleasure indeed," he reiterated, laughingly, as he grasped the hands extended to him. "Very glad indeed to see you. A real pleasure, I assure."

"Hope you get back from Africa all right, Teddy," said an elderly man, as he took Mr. Roosevelt's hand. "Thank you, sir," was the reply. "When I get back I'll tell you all about it."

The crowd pressed forward at times so as to clog the procession, but Mr. Roosevelt was equal to the emergency.

"Don't crowd the exit, friends," he said. "Let the ladies and small people come first. Bless the little babies," he went on, as he playfully pinched the rosy cheeks of a baby presented to him by its proud mother.

"This is the youngest of five, Mr. Roosevelt," she said, as she filed by.

"Excellent," responded Mr. Roosevelt. "Oyster Bay and I are proud of you."

Abram Manee, an octogenarian living at Princess Bay, Staten Island, where he was born in 1827, whispered to Mr. Roosevelt that he had known the former president's father "like a book."

"He was a man every inch of him," he said admiringly.

"God bless him and you too," answered Mr. Roosevelt.

A tall negro glanced down into the upturned face of the former president and remarked that "he had carried Roosevelt's banner twice and hoped to do so again."

"Time may afford you the opportunity," was the significant reply.

"We want you in the White House again soon, Teddy," said an old admirer.

"Don't count on me in that regard any more," laughed Mr. Roosevelt. "The people will have something to say about that."

BIG TENT SHOW COMING.

Burk's Big "Uncle Tom's Cabin Co." Will Exhibit at Ada, March 20.

This is the first time that the public have had an opportunity of seeing the "New Version" of "Uncle Tom's Cabin," the greatest dramatization of this popular play ever written. Mrs. Stowe's Historical play has ever been a favorite with the women and children, and they always go to see it whenever an opportunity presents itself. Burk's Big "Uncle Tom's Cabin Co." has the distinction of being the largest organization of its kind on the road, they carry a special train of their own palace cars to transport their people, horses, ponies, donkeys, dogs, chariots and other paraphernalia necessary to present the only grand spectacular production of this the most successful drama ever written. The characters of Uncle, Eliza, Little Eva and Marks are all ably presented by a competent cast, and the large contingent of Singers and Dancers, blood hounds, etc., give a realistic performance. The scenic and mechanical effects are good, and the picturesque transformation scene forms a fitting finish to the whole. So carry the news and tell your neighbors. The only Big Show Coming will exhibit at Ada afternoon and night, March 20th.

BRYAN CRITICISES CABINET.

Says It Is Thoroughly Trust Tinctured—Progressive Element Is Ignored.

Lincoln, Neb., March 11.—Declaring the membership to be strongly trust tinctured, W. J. Bryan in his Commoner cites how the members of the new cabinet have been connected with trusts and does not believe they will encourage the new president to attack the trusts. After citing the connection of the cabinet members with corporate interests, Mr. Bryan says:

"When has a Chief Executive selected a more conservative cabinet? There are no reformers in it; the progressive element of the republican party is as completely ignored as was the progressive element of Mr. Cleveland during his second administration. Will the result be the same?"

MRS. T. P. HOLT DIES VERY SUDDENLY

BELIEVED TO HAVE COMMITTED SUICIDE FROM TEMPORARY MENTAL ABERRATION.

Husband and Sheriff Find Woman With Chloroform Bottle Nearby.

Muskogee, Okla., March 12.—The body of Mrs. T. P. Holt, 55 years old, was found lying on an embankment of the Muskogee Traction company line, three miles southeast of Muskogee last afternoon.

She was missed from her home yesterday. Her husband, accompanied by a deputy sheriff began a search today and when they found the woman she was dead.

A bottle of chloroform was found near the body, which leads to the belief that she committed suicide. She had been ill and her husband says suffered from a temporary mental aberration.

Miss Garrett's Recital.

The recital given at the Methodist church last Saturday night by the pupils of Miss Garrett's class was attended by a large and appreciative audience and was a most pleasant and successful affair. The music pupils rendered their selections in a manner that showed careful and thorough training. The proceeds amounted to \$25.00, a part of which will go to the Ladies' Aid Society.—Francis Wigwam.

The following young ladies from Ada assisted in Miss Garrett's recital: Misses Jewel Broadfoot, Leona Chauncy, Gussie Levin, Louise Hardin and Corinne Katz.

Mrs. W. C. Duncan was hostess of the 42 Club last evening.

SOME REASONS WHY IT PAYS THE FARMER TO HAVE A TELEPHONE

The dollars saved keeping in touch with the markets will pay the price many fold.

In case of an emergency when a doctor or neighbor is needed, life or property may be saved.

The telephone has done away with the old time isolation that handicapped social life in the country and drove young people to the city.

It is then a saver of life, money and property and is a pleasure to all the family. For information regarding rates and manner of securing the service consult with your nearest local manager.

Enough.

There's enough honors for all on the outcome of the normal contest. First, there is the honor due the man who stayed at home and put up all who went to Guthrie throughout the session did their best. W. G. Broadfoot, Bill Reed, John Beard, Tom McKeown, Jim Bolen, C. M. Chauncey, Dr. Ligon, Eli Hardin and all the others has the best bow of the News, and that last bunch that went up and pulled the real thing off and bagged the game, led by Col. Tom Hope, they kinder appeared like the twelve apostles as they came marching home today each one with a corner of normal in his inside pocket.

Edgar and Frank.

Edgar Ratliff and Frank Huddleston will ever occupy a warm place in the hearts of their Ada constituency for as in Ada they had no enemies among their colleagues, but were universally popular. They were valuable members of the legislature. Ada's success was largely due to the house's appreciation of their personalities and intelligent public service.

Alderman Shed Chapman.

Shed Chapman met his old country acquaintance, Battleaxe Glover of Chickasha in the legislative chambers. It is needless to say that, notwithstanding Glover has always been against Ada, that he voted right once. Shed knows how, as is well remembered by his old Hopkins county neighbors.

It is too bad that the Dallas News and Oklahoma haven't any correspondents in Ada or Guthrie, that have any care for Ada's reputation or the News capacities of their respective publications. Their reports of the Ada normal indicate as much.

W. O. W. DURING YEAR 1908 MADE GREAT PROGRESS

ANNUAL REPORT IS MADE BY STATE MANAGER.

Increase in Membership, Net, Is 4,244. Death Rate Reduced—Fourth Place in Numerical Strength.

Chickasha, Okla., March 11.—The annual report of R. L. Forgan, state manager, read in the head camp, shows that the W. O. W. made remarkable strides during the year 1908. Summarizing, Mr. Forgan says: "There was written up in the state of Oklahoma 8,982 applications during the year. Of this number 7,236 were approved and certificates issued thereon, and our net gain, after deducting lapses and deaths, is 4,244 members, being double the increase shown by the sovereign jurisdiction with the exception of Texas. Among the different state classes held throughout the jurisdiction we led all others with a class of 4,998 applications, beating the record class of 1,305 at Omaha by 2,193 applications, the Oklahoma state class initiation being the largest class ever introduced not only in the United States, but in the entire world. We jumped into fourth place in strength of membership in all the states of Woodcraft. We completed the year with 428 camps and with 23,356 members in good standing.

At the end of the year 1908 the Woodmen of the World had 439,285 members in the United States—a gain of 108,565 in 1907 and 1908. On the same date the order had in force insurance to the amount of \$602,349,500—a net gain of \$137,199,400. The total claims paid during the year 1908 amounted to \$27,369,643.

GOVERNOR MAY CALL A SPECIAL ELECTION ON REFERRED MEASURES

ADDED POWER TO EXECUTIVE IN MATTER OF SPECIAL MEASURES—INITIATED BY PEOPLE.

Guthrie, Okla., March 12.—Governor Haskell has signed the Taylor-Franklin-Billups bill giving the governor a discretionary power to call special elections for all measures initiated by the people or under the referendum on any measure passed by the legislature.

This bill is apparently an added power to the office of governor in the matter of any special measures, and under it any initiated question could have an easy chance of being defeated. The governor may not call a special election, in which event the measure would be voted on at a general election, and that a constitutional amendment could not easily carry at a general election was proven last fall where two measures received a majority of the votes cast on the subject but not a majority of the total vote cast at the election. Chances, therefore, as a special election would be much better.

COOPER HAD RIGHT TO KILL CARMACK

SO DECLARED JUDGE ANDERSON LEADING CRIMINAL LAWYER BEFORE JURY.

Nashville, Tenn., March 12.—"Come back again tomorrow, ladies and gentlemen, and we will have an entire change of program for you," cheerfully announced Judge Hart, who is presiding at the hearing, at the conclusion of today's session of the trial of Col. D. B. and Robin Cooper and John D. Sharp for the murder of Former U. S. Senator Carmack. The court included this announcement in an expression of thanks to the spectators for their good conduct.

The defense's battery was turned on the state today with telling effect when Judge James McFerrin Anderson began his argument.

Judge Anderson, who is considered one of the ablest criminal lawyers in the state, is chief counsel for the defense. Strangely enough he was a close personal and political supporter of Senator Carmack. Although in bad health and worn with the strain of ten weeks of active work, his speech today was brilliant. Only once did he refer to Colonel Cooper as "the old soldier" and not once did he appeal to the sympathies of the jurors. He boldly disclaimed any idea of pleading that any editorial or speech would justify the slaying of Carmack and declared that his client's case rested solidly and alone upon the law implanted in all living beings—the law of self-preservation.

"The law gives them this right," he declared, "whether Colonel Cooper had threatened Carmack's life or not. And even if Robin Cooper had gone over there and struck Senator Carmack in the face with his open hand he would have had a legal right to have killed him, if the senator attempted to draw a revolver."

Judge Anderson declared that this was the law, that he quoted it merely to show how strongly the courts protect the rights of self-defense and to make manifest Robin Cooper's reluctance to shoot until he himself had been shot.

The speaker grew very weak about 4:30 p. m., and asked a continuance until tomorrow when he will close the defense's case. He will be followed by Attorney General McCann, who will close for the state and after the Judge's charge the case will go to the jury.

GOVERNOR SINGS THE GRAHAM 'CODE' BILL

Guthrie, Okla., March 11.—The governor this afternoon signed the Graham "code" bill, providing for a commission of five lawyers, only three of whom can be from the same political party, at a salary of \$400 per month and expenses each, to revise, codify and compile a two volume set of the Oklahoma statutes to date. The commission is to be provided with offices stenographers and clerical help. No legislator nor partner of a legislator or member of a legal firm with a legislator can be appointed on the commission.

Back Home.

Tom Hope, E. H. Lucas, Sam Kerr, Shed Chapman, C. M. Chauncey, W. J. Reed, Judge Galbraith and Crockett Hargis returned home from Guthrie today.

The members of the legislature from Ada, W. H. Ebey, W. L. Reed, Jno. W. Beard, Tom D. McKeown remained over in Guthrie today where and when they will probably witness the formal approval of the governor of the Ada normal bill. Those boys coming relate that those remaining will return home tomorrow.

DAYS OF NEGRO OFFICIAL PASSED DOWN IN DIXIE

CHICAGO TRIBUNE INDICATES THE POLICY OF PRESIDENT TAFT'S ADMINISTRATION.

Chicago, Ill., March 12.—The passing of the professional Southern negro politician as a federal officeholder, by right of color, has been made an essential feature in the proposed policies of President Taft, says the Tribune today in a news article. Hereafter Southern white republicans will receive the utmost consideration in filling the "big" places in the federal service below the Mason and Dixon line.

The places which have been allotted to the negro republicans as a matter of custom will go to Northern negroes rather than to the southern black men.

News of this complete change in administration policy arrived in Chicago, directly from the white house. The information was disclosed in connection with the candidacy of Col. John R. Marshall, commanding the Eighth Infantry, Illinois National guard, the negro regiment, for the post of Recorder of Deeds for the District of Columbia.

Col. Marshall's candidacy has the tentative backing of Senator Cullom and he is seeking the support of the republican organization leaders in Chicago as a necessary step to taking up the matter officially with President Taft.

The statement is made with authority that Senator Cullom had discussed the proposition with President Taft and that the president disclosed his views on the negro republicans to Senator Cullom as has been indicated.

REPUBLICANS AND THE ELECTION LAW

Republican Minority Leader in House Writes Norris Asking Republican Committee Meeting April 1.

Guthrie, Ok., March 12.—Representative Clark of Pawnee County, who was the republican minority's candidate for speaker of the Second Legislature, has written to state chairman Norris of the republican committee, asking him to call a meeting of the committee at Enid April 1 for the purpose of determining the party's course toward the recently enacted general law. The law is looked upon by Republican members of the legislature as favoring the party in control of the state machinery, hence, they say, disadvantageous to their own party. It is understood that the policy to be settled at the Enid meeting will also include whether a referendum will be asked upon the bill recently approved which vests discretion in the governor as to whether referred and initiated bills shall be disposed at a special or general election; also whether a referendum will be asked against the new general election measure or the initiation of an entirely new bill. By calling for the referendum both measures can be placed out of commission until the next general election; otherwise they become effective in June. If the election bill is suspended republicans will base their hope on winning the next legislature and repealing the law or amending it as they desire.

The state school land lessees and the state cattlemen's association will be in session in Enid also on April 1.

DAY, HAYS AND HARRIS—THOMPSON AND BROWNLEE

CODE COMMISSION IS NAMED. Five Members, Three Democrats and Two Republicans, Appointed to Codify Statutes.

Guthrie, Ok., March 12.—Gov. Haskell today announced the appointment of Jean P. Day of Poteau, Sam H. Harris of Oklahoma City, J. T. Hays of Hobart, Judge J. T. Thomas of Muskogee and W. R. Brownlee of Kingfisher as members of the state code commission, authorized by an act of the legislature approved Wednesday. The commission is to revise, codify and annotate the statutes of the state, including all laws passed by the First and Second legislatures. Civil and criminal laws are to be in separate volumes, and 500 copies are to be for distribution among members of the legislature and the state administration.

Members of the commission receive \$400 per month, and the term of service extends from April 1 to Dec. 1 of this year. The first three members are democrats and the last two republicans, the law having provided that no more than a majority should be of the same political party. The commission will name its clerical force.

Rexall

"93" HAIR TONIC

Our faith in the superior remedial qualities of Rexall "93" Hair Tonic is so strong that we promise to return your money—without question or quibble—if it does not do what we claim it will.

Because it contains Resorcin, Beta Naphthol, Pilocarpin, Borax, Glycerin and Alcohol in perfect combination, Rexall "93" Hair Tonic provides the softening, cleansing, antiseptic, germicidal, stimulating and nourishing properties, so desirable and necessary for the successful treatment of scalp and hair troubles.

If used according to directions for a reasonable length of time, we are absolutely positive that it will thoroughly cleanse the scalp and hair, relieve irritation, eradicate dandruff, stimulate the hair follicles and papilla, revitalize and nourish the hair roots, stop falling hair, prevent baldness, promote hair growth and make the hair naturally soft and silky.

You must realize that we would not dare back up our claims with such a liberal offer unless we were positive that we can substantiate our statements in every particular, and the most skeptical person should at least be willing to try Rexall "93" Hair Tonic at our risk.

NUMBER 300

OKLAHOMA LEGISLATURE CONCLUDES SESSION

The Second Session Lasted 67 Days;
74 Bills Become Laws.

FEW EMERGENCY LAWS

To be a Public Affairs Affairs Board,
Which Will Have Charge of
All State Purchases.

Guthrie, Ok., March 12.—The Second Oklahoma Legislature will adjourn sine die at a late hour tonight, after being in session sixty-seven days. According to the records of the Secretary of State, seventy-five of them originating in the senate and thirty-nine in the house. A large number of the measures are local in their nature, and the emergency clause, or the provision that is resorted to in giving a law immediate effect, has been sparingly used. A large number of bills will be presented to the governor as soon as the legislature adjourns and which he is allowed fifteen days to consider.

Total Appropriations.
It is believed the appropriations will amount to between \$5,750,000 and \$6,500,000 including provisions for all purposes of state government and the public institutions. It is estimated that the governor has approved bills carrying something over \$500,000. During the last two days a total of about \$2,000,000, while the House today, exclusive of the general appropriation measure, provided for over \$1,750,000.

The general deficiency measure will aggregate about \$275,000 and the general appropriation bill which the senate sent to the house, carrying about \$500,000, was increased to about \$956,000. Both of the appropriation bills are in conference tonight and may be reported with a reduced total. The general bill, in addition to appropriation for salaries of state officials and state employees, carries several heavy miscellaneous items that swell the aggregate and can not properly be figured among the fixed charges of the government. This bill gives \$30,000 for prohibition enforcement. One point in the deficiency bill

is that the governor has approved bills carrying something over \$500,000. During the last two days a total of about \$2,000,000, while the House today, exclusive of the general appropriation measure, provided for over \$1,750,000.

than a majority of whom may be of the same political party. They are to be appointed by the governor and confirmed by the senate. To this commission is charged the duty of purchasing all supplies used by the state or any of the departments, similar to the state purchasing department of Texas, and in addition supervises the erection of all state institutions, awards all contracts, and in effect, is the board of business managers for the state. Members to receive \$3,000 per year. It is made a felony for them to accept anything of value in connection with a contract directly or indirectly, and the letting of contracts to any person connected with the members to the third degree of relationship is prohibited.

It is unofficially understood tonight that one of the democratic members will be Col. Roy Hoffman of Chandler, who was a candidate for the United States senate in the first state election.

For appointment as the republican member republicans of the legislature have recommended Bert Chandler of Vinita, a business man of experience. Mr. Chandler was chairman of the Third congressional district campaign committee last November.

By House amendments, which the Senate accepted, to the Morris bill, proposing a repeal of Sec. 9 of the public service corporation article of the constitution, companies organized under the laws of this state may sell their properties to companies of any state, but the Oklahoma courts will retain supervision over such property located in the state. As it exists the section prevents such consolidations, and was generally complained of by commercial bodies and railroad men as retarding the construction of new lines here.

To Submit to People.

The senate passed a complete repeal of the section, but the house today made amendments offered by Mr. McCalka and Mr. Burnett, which will submit the following taken from the Louisiana constitution to a vote of the people, for adoption in place of the present Sec. 9 of Art. IX:

"If any railroad company, transportation company or transmission company organized under the laws of this state, shall consolidate by sale or otherwise, with any railroad, transportation company, or transmission company organized under the laws of any other state or of the United States, the same shall not thereby become a foreign corporation but the courts of this state shall retain jurisdiction in all matters which may arise, as if said consolidation had not taken place."

Oil Pipe Line Bill.

The senate agreed to the house changes in the Strain-Yeager oil pipe line measure over which the latter debated for several hours yesterday, and as the bill goes to the governor it defines the word "petroleum" as meaning all crude oil and its manufactured products, not including natural gas. A fear of those opposing the producers measure was based upon the language of a section defining who could use the state's highways by condemnation procedure, but as the bill now reads, belief is expressed that the state will retain full authority to control use of the highways. The section, however, that the word "person" as used in the act means any natural person, partnership or association of persons, or any corporation organized under the laws of the state of Oklahoma. It is also the belief of those backing the Strain-Yeager measure that the natural gas situation is not affected by the amended bill as that commodity is expressly mentioned to the contrary. The compromise amendments were agreed to at a conference in which participated Gov. Haskell, Attorney General West, Senator Strain, Representatives Wortman and Tillotson and a number of the oil producers. As it stands both sides are claiming the victory, although each admit the bill is not just what is desired.

A salient feature now not in the law is that providing for ouster proceedings. However, the penalty in money some heavier for the first offense. Mr. Wortman, representing the Claremore district, who engaged in the debate yesterday, arose to a question of personal privilege in the house and explained the statement by himself yesterday and which later upon his own request was stricken from the record. He said

that he was merely quoting a third person, and no words of his own.

Tillotson-Strain Bill.

The Tillotson-Strain bill preventing the waste of oil and gas in which Attorney General West discovered language that he said would give unrestricted use of the highways for the purpose of piping gas, and which bill had been recalled from Gov. Haskell's office, was given final passage again with the objectionable language stricken out.

The conference report on the Roddie insurance bill was adopted, adhering to the house amendments, which permit assessment insurance companies to operate in the state when they have a legal reserve of \$200,000, and stock insurance companies to write either participating or non-participating policies, provided the records of each are kept separate. Mutual companies may write participating policies. The bill will furnish a new code for the state insurance department.

In agreeing upon the general deficiency appropriation bill the \$3,000 item for expenses of state delegations attending National conferences was killed. Another conference report adopted was on the general road measure.

The Medal Contest.

On last evening at the Christian church was one of the most entertaining W. C. T. U. programs rendered that has ever been witnessed in the city.

The house was densely seated and standing room at a premium. The music and other interspersed preliminaries were fine, while the recitations by Misses Willie Faust, Lena West, Mamie Caldwell, Virkin Goad, Mary Kate Baker, Leone Steed and Master Hewey Howerton, contestants were delivered in such a graceful and oratorical manner that every heart seemed to pulsate with gladness. And when Prof. Perkins in his accustomed manner of doing such things awarded the medal to Master Hewey Howerton as the judges' decision, the hand clapping all over the large congregation was simply immense.

Mrs. G. T. Howerton, president of the W. C. T. U. certainly deserves praise for the great work she is doing for the elevation of the boys and girls of our city. If Mississippi has any more such women to spare as Mrs. Howerton we will gladly give them a hearty welcome among the many great women of our city.

Work of Committees.

Today the gist of bills was heavy in both houses, but the main work has been upon conference committees. Gov. Haskell for the last four days has had in office in convention hall, where the legislative sessions were held, being hourly in touch with both bodies.

While several hundred bills died on the calendars for want of time, the Billups bill repealing the state liquor dispensary law is the most prominent one to expire. The bill was an attempt to follow the election of last November, when, according to the governor's proclamation, Art. I of the Billups law was repealed and the local and state agencies closed.

THE USUAL STUNT OF THE NEW EDITOR.

Theodore Roosevelt, associate editor of the Outlook, begins his editorial career with an article on "Journalism," setting forth his ideas as to how a newspaper should be conducted.

It's just the usual stunt of a new editor.

Not strange, either, for there are thousands of people sitting around in this broad land who fancy that they know exactly how to run a newspaper and every now and then when one of them breaks into the business, the first thing he does is to write a long piece of that kind.

At the first swing of his facile pen, the novice knows more about journalism than the seasoned veteran has acquired in a lifetime. As a novice he is quite sure that he is strictly on to his job and feels satisfied that he is going to revolutionize things in a jiffy, but in the course of half a dozen or a dozen years, after bumping up against all sorts of propositions, he concludes that its blamed little that he knows about the noble art of moulding public opinion and at the same time realizing sufficient revenues to keep his landlord and grocer fairly well satisfied.

We had hoped that Mr. Roosevelt with his characteristic originality would begin his editorial career with something really illuminating and it is a distinct disappointment to us that he opens up with this regulation new editor talk.

Why, most noble Theodore, all of us thought about precisely those things you mention the first time we entered the sacred precincts of our sanctum—they belong in the kindergarten course. Your academic ideas do very well for the amateur, but it would certainly have been more becoming in you to have been a little less previous about giving lessons to the older members of the craft. After you have served an apprenticeship as a "devil" learned to "stick type," "make-up the forms" gather news and get your subscribers to pay up, hustle "ads" and meet your bills, you will probably know less about the business than you now know, but we'll more willingly listen to you.—Geo. Evans, Chickasha Express

No man worked more sincerely and untriflingly for Ada's success than W. J. Reed.

APPRECIATED

TO THE HOUSE REPUBLICANS OF THE LEGISLATURE.

Ada's state normal achievement could have never materialized except for a united support of the republican minority in the house of the legislature on the occasion of critical vote, being the first one in the committee of the whole.

Of course if the entire democratic strength had been on hand, the united effort of the republicans might not have been required to place the first straight vote above the essential number of 55 which is a bare majority of the full complement; but the fact remains, that the house membership was considerably decimated on this last day of the session and unless the republicans had extended liberal support along the first countenance could not have been maintained, and there would have been no call for the band wagon.

The people of Ada are under especial obligations to Judge Tate, our republican neighbor in Seminole. He was a tower of strength in the G. O. P. column.

When Colonel Gristmill Jones got right, he got right all over. Thanks to Ada's stalwart Oklahoma City influence and especially to Guy Carney's great friend Mr. Hales, capitalist at Oklahoma City, C. G. Jones, close associate who went to Guthrie and did incalculable service for Ada. Ada got the entire republican vote of 29, even the lone Guthrie negro, blacker than the ace of spades, voting "aye" for Ada.

To Jno. W. Beard, than whom Ada never knew a more loyal worker and C. M. Channcey, local republicans, the city will always stand under obligations.

Senator Roddie, Thanks.

If the normal bill had not passed the senate, the victory could not have been secured in the house during the last days of the session. To Senator Roddie is due the credit of putting the normal bill through the senate. If he had never moved to substitute Ada for Duncan in the bill of Senator Smith and then fought for its passage, there could have been no Ada normal

"RUM DID IT ALL" MURDERER'S LAST WORDS

WIFE MURDERER HANGED AFTER DECLARING DRINK CAUSED HIS DOWNFALL.

New Castle, Pa., March 12.—"Rum caused my downfall. If I had never taken a drink I would not have fired the shot that killed my wife."

These were the last words of Charles Quimby, the first American ever executed in New Castle as he mounted the scaffold in the jail yard and went calmly to his death to expiate the murder of his wife on Christmas morning.

Quimby walked across the prison yard to his death repeating his warning against the evils of drink.

Quimby murdered his wife in a fit of drunken rage, lying in wait for her with a shotgun as she was going to her work in a restaurant, and fatally wounded her. She died, after making a statement that her husband shot her.

The couple had separated in October, 1907, and because of cruel treatment the wife had applied for a divorce.

The murder took place two months later.

Quimby was convicted last March, but reprieve caused the execution to be postponed for a year. He pleaded insanity at his trial.

HEAD WOODMEN CONSUL C. BROWN, OF CHICKASHA

OTHER GRAND OFFICERS, FRANKLIN OF MADILL; SHANNON OF DURANT; WILCOX, OF BYARS.

Chickasha, Ok., March 12.—In the election of officers by the head camp of the Woodmen of the World a Chickasha man, Dr. Charles P. Brown, won the highest office in the order, that of head consul of Oklahoma. The only other candidate for the honor was state senator, Franklin of Madill and the contest was a lively one, the final vote standing 128 for Brown and 98 for Franklin.

Other grand officers selected were as follows: Adviser, W. M. Franklin of Madill; clerk, W. S. Shannon, of Durant; banker, W. A. Wilcox, of Byars; escort, A. B. Carmichael, of Soyre; watchman, R. L. Duncan of Cumberland; senior, W. S. Wolverton of Ardmore; board of managers, M. F. Cheney of Chickasha, chairman, George Brown of Muskogee, B. E. Moore of Holdenville, J. A. Davis of Norman and George Rolle of Wainwood.

The election of delegates to the sovereign camp resulted as follows: Joe Edwards of Stratford, T. E. Randall of Ardmore, Marlon Henderson of Paris Valley, alternates, J. B. Phillips of Altus, J. C. Walter of Norman and J. W. Warlick of Elk City.

Other important business transacted was the passage of a resolution levying a 5c per capita assessment for additional expenses of the head camp and for expenses of the uniform rank.

The head camp adjourned last night. The total number of delegates and visitors in the city during the meeting was over 1,000.

CIRCUMSTANTIAL EVIDENCE.

The late A. J. Cassatt, at a dinner at the Philadelphia Country Club was asked his opinion of the fashion of women riding horseback astride.

"I don't altogether favor it," said Mr. Cassatt. "It sometimes leads to confusion."

"I was driving one afternoon on Lancaster Pike when a rider was thrown violently from a spirited bay horse. Luckily the accident happened in front of a pharmacy. The proprietor ran forth with his clerk. He propped up the head of the unconscious rider and, seeing a gold cigarette case lying on the ground, he took it up and read 'P. S. Browne 1838 Walnut street.'"

"Jack!" he shouted to his errand boy, telephone to Mrs. Browne, 1838 Walnut street, that her husband—"

"But just then a tiny gold hand mirror with a powder puff attachment fell from the rider's trouser pocket and the pharmacist called:

"Jack, I mean telephone Mr. Browne that Mrs. Browne has fallen."

"But at this point the clerk, who had been burning a feather under the rider's nose, tickled her lips with it, and she smiled and murmured, 'Jim.'"

"And then the pharmacist shouted: 'Telephone Mr. and Mrs. Browne that Miss Browne has fallen off her horse.'—Everybody's Magazine.

GOOD-BYE TEDDY, SAYS OYSTER-BAY, OLD FASHIONED, HANDSHAKING

Men and Women, Boys, Girls and Babies Crowd Around, Expressing in Hearty Way Their Friendship.

Oyster Bay, March 12.—Mr. and Mrs. Theodore Roosevelt were guests of the united citizenship of Oyster Bay township at a farewell reception given them in the town hall tonight. One thousand men, women and children shook the hands of the former president and his wife.

An unlocked feature of the reception was the serving of a court order upon Mr. Roosevelt, directing the taking of his deposition in the suit of Peter A. Juley against the Town Topics Publishing Company, publishers of "Fads and Fancies," in which among many others, Mr. Roosevelt's picture appeared, as he asserts without his knowledge or consent.

Cheers for "Our Teddy."

The popularity of Mr. Roosevelt in his home town was attested by the cheers and cries of "our Teddy" that arose from the crowd that had besieged the Town Hall an hour before his arrival with Mrs. Roosevelt. While the reception was designed to be informal, it developed into a public function that will be long remembered in and about Oyster Bay.

Mr. Roosevelt stood at the railing in Justice Franklin's court room. By his side was Mrs. Roosevelt, who wore black satin and lace. Mr. Roosevelt was in gay spirits and had a pleasant word for every one as the crowd steadily filed by him.

"This is a pleasure indeed," he reiterated, laughingly, as he grasped the hands extended to him. "Very glad indeed to see you. A real pleasure, I assure."

"Hope you get back from Africa all right, Teddy," said an elderly man, as he took Mr. Roosevelt's hand. "Thank you, sir," was the reply. "When I get back I'll tell you all about it."

The crowd pressed forward at times so as to clog the procession, but Mr. Roosevelt was equal to the emergency.

"Don't crowd the exit, friends," he said. "Let the ladies and small people come first. Bless the little babies," he went on, as he playfully pinched the rosy cheeks of a baby presented to him by its proud mother.

"This is the youngest of five, Mr. Roosevelt," she said, as she filed by.

Proud of Matron.

"Excellent," responded Mr. Roosevelt. Oyster Bay and I are proud of you."

Abraham Mance, an octogenarian living at Princess Bay, Staten Island, where he was born in 1827, whispered to Mr. Roosevelt that he had known the former president's father "like a book."

"He was a man every inch of him," he said admiringly.

"God bless him and you too," answered Mr. Roosevelt.

A tall negro glanced down into the upturned face of the former president and remarked that he had carried Roosevelt's banner twice and hoped to do so again.

"Time may afford you the opportunity," was the significant reply.

"We want you in the White House again soon, Teddy," said an old admirer.

"Don't count on me in that regard any more," laughed Mr. Roosevelt. "The people will have something to say about that."

BIG TENT SHOW COMING.

Burk's Big "Uncle Tom's Cabin Co." Will Exhibit at Ada, March 20.

This is the first time that the public have had an opportunity of seeing the "New Version" of "Uncle Tom's Cabin," the greatest dramatization of this popular play ever written. Mrs. Stowe's Historical play has ever been a favorite with the women and children, and they always go to see it whenever an opportunity presents itself. Burk's Big "Uncle Tom's Cabin Co." has the distinction of being the largest organization of its kind on the road, they carry a special train of their own palace cars to transport their people, horses, ponies, donkeys, dogs, chariots, and other paraphernalia necessary to present the only grand spectacular production of this the most successful drama ever written. The characters of Uncle, Eliza, Little Eva and Marks are all ably presented by a competent cast, and the large contingent of Singers and Dancers, blood hounds, etc., give a realistic performance. The scenic and mechanical effects are good, and the picturesque transformation scene forms a fitting finish to the whole. So carry the news and tell your neighbors. The only Big Show Coming will exhibit at Ada afternoon and night, March 20th.

BRYAN CRITICISES CABINET.

Says It Is Thoroughly Trust Incited—Progressive Element Is Ignored.

Lincoln, Neb., March 11.—Declaring the membership to be strongly trust incited, W. J. Bryan in his Commoner cites how the members of the new cabinet have been connected with trusts and does not believe they will encourage the new president to attack the trusts. After citing the connection of the cabinet members with corporate interests, Mr. Bryan says:

"When has a Chief Executive selected a more conservative cabinet? There are no reformers in it; the progressive element of the republican party is as completely ignored as was the progressive element of Mr. Cleveland during his second administration. Will the result be the same?"

MRS. T. P. HOLT DIES VERY SUDDENLY

BELIEVED TO HAVE COMMITTED SUICIDE FROM TEMPORARY MENTAL DERANGEMENT.

Husband and Sheriff Flud Woman With Chloroform Bottle Nearby.

Muskogee Okla. March 12.—The body of Mrs. T. P. Holt, 55 years old, was found lying on an embankment of the Muskogee Traction company line three miles southeast of Muskogee last afternoon.
She was missed from her home yesterday. Her husband accompanied by a deputy sheriff began a search today and when they found the woman she was dead.
A bottle of chloroform was found near the body which leads to the belief that she committed suicide. She had been ill and her husband says suffered from a temporary mental aberration.

SOME REASONS WHY IT PAYS THE FARMER TO HAVE A TELEPHONE

The dollars saved keeping in touch with the markets will pay the price many fold.
In case of an emergency when a doctor or neighbor is needed, life or property may be saved.
The telephone has done away with the old time isolation that handicapped social life in the country and drove young people to the city.
It is then a saver of life, money and property and is a pleasure to all the family. For information regarding rates and manner of securing the service consult with your nearest local manager.

Enough.
There's enough honors for all on the outcome of the normal contest. First, there is the honor due the man who stayed at home and put up all who went to Guthrie throughout the session did their best. W. G. Broadfoot, Bill Reed, John Beard, Tom McKeown, Jim Bolen, C. M. Chauncey, Dr. Ligon, Eli Hardin and all the others has the best of the news and that last bunch that went up and pulled the real thing off and bagged the game led by Col. Tom Hope they kinder appeared like the twelve apostles as the cam marching home today each one with a corner of normal in his inside pocket.

Edgar and Frank.
Edgar and Frank Huddles will ever occupy a warm place in the hearts of their Ada constituency for as in Ada they had no enemies, their colleagues but were universally popular. They were valuable members of the legislature. Ada's success was largely due to the houses' appreciation of their personalities and intelligent public service.

Alderman Shed Chapman.
Shed Chapman met his old country acquaintance Battie Glover of Chickasha in the legislative chambers. It is needless to say that notwithstanding Glover has always been against Ada that he voted right once. Shed knows how as is well remembered by his old Hopkins county neighbors. It is too bad that the Dallas News and Oklahoman haven't any correspondents in Ada or Guthrie that have any care for Ada's reputation or the News capacities of their respective publications. Their reports of the Ada normal indicate as much.

W. O. W. DURING YEAR 1908 MADE GREAT PROGRESS

ANNUAL REPORT IS MADE BY STATE MANAGER.

Increase in Membership, Net, Is 4,244. Death Rate Reduced—Fourth Place in Numerical Strength.

Chickasha, Ok., March 11.—The annual report of R. L. Forgan, state manager, read in the head camp shows that the W. O. W. made remarkable strides during the year 1908. Summarizing Mr. Forgan says: There was written up in the state of Oklahoma 5,950 applications during the year. Of this number 7,236 were approved and certificates issued thereon and our net gain after deducting lapses and deaths is 4,244 members, being double the increase shown by the sovereign jurisdiction with the exception of Texas. Among the different state classes held throughout the jurisdiction we led all others with a class of 4,993 applications beating the record class of 1,305 at Omaha by 2,193 applications. The Oklahoma state class initiation being the largest class ever introduced not only in the United States but in the entire world. We jumped into fourth place in strength of membership in all the states of Woodcraft. We completed the year with 425 camps and with 23,306 members in good standing.

At the end of the year 1908 the Woodmen of the World had 439,285 members in the United States—a gain of 108,565 in 1907 and 1908. On the same date the order had in force insurance to the amount of \$602,349,500—a net gain of \$137,119,400. The total claims paid during the year 1908 amounted to \$27,360,645.

GOVERNOR MAY CALL A SPECIAL ELECTION ON REFERRED MEASURES

ADDED POWER TO EXECUTIVE IN MATTER OF SPECIAL MEASURES—INITIATED BY PEOPLE.

Guthrie, Okla., March 12.—Governor Haskell has signed the Taylor-Franklin Bill giving the governor a discretionary power to call special elections for all measures initiated by the people or under the referendum on any measure passed by the legislature.

This bill is apparently an added power to the office of governor in the matter of any special measures and under it an initiated question could have an easy chance of being decided. The governor may not call a special election in which event the measure would be voted on at a general election and that a constitutional amendment could not easily carry it. A general election was proven last fall where two measures received a majority of the votes cast on the subject but not a majority of the total vote cast at the election. Chances therefore as a special election would be much better.

Under the auspices of the Pastors Association of this city there will be services at the Ardome Sunday afternoon at 3 o'clock. Rev. C. E. Smoot will preach. Special music. Come! Bring your friends.

The Shivers.

The manner in which Chief Clerk Elvey demanded that every legislator get on record on the final Ada normal vote produced a malady of shivers among a little contingent of the legislature.

Haskell will sign the Ada normal bill according to his promise of yesterday.

COOPER HAD RIGHT TO KILL CARMACK

SO DECLARED JUDGE ANDERSON LEADING CRIMINAL LAWYER BEFORE JURY.

Nashville, Tenn., March 12.—Come back again tomorrow ladies and gentlemen and we will have an entire change of program for you. Chiefly announced Judge Hart who is presiding at the hearing, at the conclusion of today's session of the trial of Col. D. B. and Robin Cooper and John D. Sharp for the murder of former U. S. Senator Carmack. The court included this announcement in an expression of thanks to the spectators for their good conduct.

The defense's battery was turned on the state today with telling effect when Judge James McFerrin Anderson began his argument.

Judge Anderson who is considered one of the ablest criminal lawyers in the state is chief counsel for the defense. Strangely enough he was a close personal and political supporter of Senator Carmack. Although in bad health and worn with the strain of ten weeks of active work his speech today was brilliant. Only once did he refer to Colonel Cooper as the old soldier and not once did he appeal to the sympathies of the jurors. He boldly disclaimed any idea of pleading that any editorial or speech would justify the slaying of Carmack and declared that his client's case rested solidly and alone upon the law implanted in all living beings—the law of self-protection.

The law gives them this right he declared whether Colonel Cooper had threatened Carmack's life or not. And even if Robin Cooper had gone over there and struck Senator Carmack in the face with his open hand he would have had a legal right to have killed him if the senator attempted to draw a revolver. Judge Anderson declared that this was the law that he quoted it merely to show how strongly the courts protect the rights of self-defense and to make manifest Robin Cooper's reluctance to shoot until he himself had been shot.

The speaker grew very weak about 4:30 p. m. and asked a continuance until tomorrow when he will close the defense case. He will be followed by Attorney General McCain who will close for the state and after the judges charge the case will go to the jury.

GOVERNOR SIGNS THE GRAHAM 'CODE' BILL

Guthrie, Okla., March 11.—The governor this afternoon signed the Graham code bill providing for a commission of five lawyers—only three of whom can be from the same political party at a salary of \$100 per month and expenses—to revise, codify and compile a two-volume set of the Oklahoma statutes to date. The commission is to be provided with offices, stenographers and clerical help. No legislator nor partner of a legislator or member of a legal firm with a legislator can be appointed on the commission.

Back Home.

Tom Hope, E. H. Lucas, Sam Kerr, Shed Chapman, C. M. Chauncey, W. J. Reed, Judge Galbraith and Crockett Hargis returned home from Guthrie today.

The members of the legislature from Ada, W. H. Elvey, W. L. Reed, Jno. W. Beard, Tom D. McKeown remained over in Guthrie today where and when they will probably witness the formal approval of the governor of the Ada normal bill. Those boys coming relate that those remaining will return home tomorrow.

DAYS OF NEGRO OFFICIAL PASSED DOWN IN DIXIE

CHICAGO TRIBUNE INDICATES THE POLICY OF PRESIDENT TAFT'S ADMINISTRATION.

Chicago, Ill., March 12.—The passing of the professional Southern negro politician as a federal office holder by right of color has been made an essential feature in the proposed policies of President Taft, says the Tribune today in a news article hereafter Southern white republicans will receive the utmost consideration in filling the big places in the federal service below the Mason and Dixon line.

The places which have been allotted to the negro republicans as a matter of custom will go to Northern negroes rather than to the Southern black men.

News of this complete change in administration policy arrived in Chicago directly from the White House. The information was disclosed in connection with the candidacy of Col. John R. Marshall commanding the Eighth Infantry, Illinois National Guard, the negro regiment for the post of Recorder of Deeds for the District of Columbia.

Col. Marshall's candidacy has the tentative backing of Senator Cullom and he is seeking the support of the republican organization leaders in Chicago as a necessary step to taking up the matter officially with President Taft.

The statement is made with authority that Senator Cullom had discussed the proposition with President Taft and that the president disclosed his views on the negro republicans to Senator Cullom as has been indicated.

REPUBLICANS AND THE ELECTION LAW

Republican Minority Leader in House Writes Norris Asking Republican Committee Meeting April 1.

Guthrie, Okla., March 12.—Representative Clark of Pawnee County who was the republican minority's candidate for speaker of the Second Legislature has written to state chairman Norris of the republican committee asking him to call a meeting of the committee at Enid April 1 for the purpose of determining the party's course toward the recently enacted general law. The law is looked upon by Republican members of the legislature as favoring the party in control of the state machinery hence they say disadvantageous to their own party. It is understood that the policy to be settled at the Enid meeting will also include whether a referendum will be asked upon the bill recently approved which vests discretion in the governor as to whether referred and initiated bills shall be disposed of at a special or general election also whether a referendum will be asked against the initiative of an entirely new bill. By calling for the referendum both measures can be placed out of commission until the next general election otherwise they become effective in June. If the election bill is suspended republicans will lose their hope on winning the next legislature and repealing the law or amending it as they desire.

The state school land issues and the state cattlemen's association will be in session at Enid also on April 1.

DAY, HAYS AND HARRIS—THOMPSON AND BROWNLEE

CODE COMMISSION IS NAMED. Five Members, Three Democrats and Two Republicans, Appointed to Codify Statutes.

Guthrie, Okla., March 12.—Gov. Haskell today announced the appointment of Jean P. Day of Poteau, Sam H. Harris of Oklahoma City, J. T. Hays of Hobart, Judge J. T. Thomas of Muskogee and W. R. Brownlee of Kingfisher as members of the state code commission authorized by an act of the legislature approved Wednesday. The commission is to revise, codify and annotate the statutes of the state including all laws passed by the First and Second Legislatures. Civil and criminal laws are to be in separate volumes and 500 copies are to be for distribution among members of the legislature and the state administration.

Members of the commission receive \$400 per month and the term of service extends from April 1 to December 1 of this year. The first three members are democrats and the last two republicans. The law having provided that no more than a majority should be of the same political party. The commission will name its clerical force.

Rexall
"93" HAIR TONIC
Our faith in the superior remedial qualities of Rexall "93" Hair Tonic is so strong that we promise to return your money—without question or quibble—if it does not do what we claim it will. Because it contains Resorcin, Beta Naphthol, Pilocarpin, Borax, Glycerin and Alcohol in perfect combination, Rexall "93" Hair Tonic provides the softening, cleansing, antiseptic, germicidal, stimulating and nourishing properties, so desirable and necessary for the successful treatment of scalp and hair troubles. If used according to directions for a reasonable length of time, we are absolutely positive that it will thoroughly cleanse the scalp and hair, relieve itching, eradicate dandruff, stimulate the hair follicles and papilla, revitalize and nourish the hair roots, stop falling hair, prevent baldness, promote hair growth and make the hair naturally soft and silky. You must realize that we would not dare back up our claims with such a liberal offer unless we were positive that we can substantiate our statements in every particular, and the most skeptical person should at least be willing to try Rexall "93" Hair Tonic at our risk. NUMBER 300

OKLAHOMA LEGISLATURE CONCLUDES SESSION

The Second Session Lasted 67 Days;
74 Bills Become Laws.

FEW EMERGENCY LAWS

To be a Public Affairs Board,
Which Will Have Charge of
All State Purchases.

Guthrie, Ok., March 12.—The Second Oklahoma Legislature will adjourn sine die at a late hour tonight, after being in session sixty-seven days. According to the records of the Secretary of State, seventy-five of them originating in the senate and thirty-nine in the house. A large number of the measures are local in their nature, and the emergency clause, or the provision that is resorted to in giving a law immediate effect, has been sparingly used. A large number of bills will be presented to the governor as soon as the legislature adjourns and which he is allowed fifteen days to consider.

Total Appropriations.
It is believed the appropriations will amount to between \$5,750,000 and \$6,500,000 including provisions for all purposes of state government and the public institutions. It is es-

timated that the governor has approved bills carrying something over \$500,000. During the last two days a total of about \$2,000,000, while the House today, exclusive of the general appropriation measure, provided for over \$1,750,000.

The general deficiency measure will aggregate about \$275,000 and the general appropriation bill which the senate sent to the house, carrying about \$500,000, was increased to about \$956,000. Both of the appropriation bills are in conference tonight and may be reported with a reduced total. The general bill, in addition to appropriation for salaries of state officials and state employees, carries several heavy miscellaneous items that swell the aggregate and can not properly be figured among the fixed charges of the government. This bill gives \$30,000 for prohibition enforcement. One point in the deficiency bill

than a majority of whom may be of the same political party. They are to be appointed by the governor and confirmed by the senate. To this commission is charged the duty of purchasing all supplies used by the state or any of the departments, similar to the state purchasing department of Texas, and in addition supervises the erection of all state institutions, awards all contracts, and in effect, is the board of business managers for the state. Members to receive \$3,000 per year. It is made a felony for them to accept anything of value in connection with a contract directly or indirectly, and the letting of contracts to any person connected with the members to the third degree of relationship is prohibited.

It is unofficially understood tonight that one of the democratic members will be Col. Roy Hoffman of Chandler, who was a candidate for the United States senate in the first state election.

For appointment as the republican member republicans of the legislature have recommended Bert Chandler of Vinita, a business man of experience. Mr. Chandler was chairman of the Third congressional district campaign committee last November.

By House amendments, which the Senate accepted, to the Morris bill, proposing a repeal of Sec. 9 of the public service corporation article of the constitution, companies organized under the laws of this state may sell their properties to companies of any state, but the Oklahoma courts will retain supervision over such property located in the state. As it exists the section prevents such consolidations, and was generally complained of by commercial bodies and railroad men as retarding the construction of new lines here.

To Submit to People.

The senate passed a complete repeal of the section, but the house today made amendments offered by Mr. McCain and Mr. Burnette, which will submit the following taken from the Louisiana constitution to a vote of the people, for adoption in place of the present Sec. 9 of Art. IX:

"If any railroad company, transportation company or transmission company organized under the laws of this state, shall consolidate by sale or otherwise, with any railroad, transportation company, or transmission company organized under the laws of any other state or of the United States, the same shall not thereby become a foreign corporation but the courts of this state shall retain jurisdiction in all matters which may arise, as if said consolidation had not taken place."

Oil Pipe Line Bill.

The senate agreed to the house changes in the Strain-Yeager oil pipe line measure over which the latter debated for several hours yesterday, and as the bill goes to the governor it defines the word "petroleum" as meaning all crude oil and its manufactured products, not including natural gas. A fear of those opposing the producers measure was based upon the language of a section defining who could use the state's highways by condemnation procedure, but as the bill now reads, belief is expressed that the state will retain full authority to control use of the highways. The section, however, that the word "person" as used in the act means any natural person, partnership or association of persons, or any corporation organized under the laws of the state of Oklahoma. It is also the belief of those backing the Strain-Yeager measure that the natural gas situation is not affected by the amended bill as that commodity is expressly mentioned to the contrary. The compromise amendments were agreed to at a conference in which participated Gov. Haskell, Attorney General West, Senator Strain, Representatives Wortman and Tillotson and a number of the oil producers. As it stands both sides are claiming the victory, although each admit the bill is not just what is desired.

A salient feature now not in the law is that providing for ouster proceedings, however, the penalty in money some heavier for the first offense. Mr. Wortman, representing the Claremore district, who engaged in the debate yesterday, arose to a question of personal privilege in the house and explained the statement by himself yesterday and which later upon his own request was stricken from the record. He said

that he was merely quoting a third person, and no words of his own.

Tillotson-Strain Bill.

The Tillotson-Strain bill preventing the waste of oil and gas in which Attorney General West discovered language that he said would give unrestricted use of the highways for the purpose of piping gas, and which bill had been recalled from Gov. Haskell's office, was given final passage again with the objectionable language stricken out.

The conference report on the Roddie insurance bill was adopted, adhering to the house amendments, which permit assessment insurance companies to operate in the state when they have a legal reserve of \$200,000, and stock insurance companies to write either participating or non-participating policies, provided the records of each are kept separate. Mutual companies may write participating policies. The bill will furnish a new code for the state insurance department.

In agreeing upon the general deficiency appropriation bill the \$3,000 item for expenses of state delegations attending National conferences was killed. Another conference report adopted was on the general road measure.

The Medal Contest.

On last evening at the Christian church was one of the most entertaining W. C. T. U. programs rendered that has ever been witnessed in the city.

The house was densely seated and standing room at a premium. The music and other interspersed preliminaries were fine, while the recitations by Misses Willie Faust, Lena West, Mamie Caldwell, Virlyn Good, Mary Kate Baker, Leone Steed and Master Hewey Howerton, contestants were delivered in such a graceful and oratorical manner that every heart seemed to pulsate with gladness. And when Prof. Perkins in his accustomed manner of doing such things awarded the medal to Master Hewey Howerton as the judges' decision, the hand clapping all over the large congregation was simply immense.

Mrs. G. T. Howerton, president of the W. C. T. U., certainly deserves praise for the great work she is doing for the elevation of the boys and girls of our city. If Mississippi has any more such women to spare as Mrs. Howerton we will gladly give them a hearty welcome among the many great women of our city.

Work of Committees.

Today the grist of bills was heavy in both houses, but the main work has been upon conference committees. Gov. Haskell for the last four days has had in office in convention hall, where the legislative sessions were held, being hourly in touch with both bodies.

While several hundred bills died on the calendars for want of time, the Billings bill repealing the state liquor dispensary law is the most prominent one to expire. The bill was an attempt to follow the election of last November, when, according to the governor's proclamation, Art. 1 of the Billings law was repealed and the local and state agencies closed.

Muskogee Okla. March 12.—The body of Mrs. T. P. Hoyt 65 years old, was found lying on an embankment of the Muskogee Traction company line three miles southeast of Muskogee last afternoon.

She was missed from her home yesterday. Her husband accompanied by a deputy sheriff began a search today and when they found the woman she was dead.

A bottle of chloroform was found near the body which leads to the belief that she committed suicide. She had been ill and her husband says suffered from a temporary mental aberration.

There's enough honors for all on the outcome of the normal contest. First, there is the honor due the man who stayed at home and put up all who went to Guthrie throughout the session did their best. W. G. Broadfoot, Bill Reed, John Beard, Tom McKeown, Jim Bolen, C. M. Chauncey, Dr. Ligon, Eli Hardin and all the others has the best day of the News, and that last bunch that went up and pulled the real thing off and bagged the game, led by Col. Tom Hope, they kinder appeared like the twelve apostles as they came marching home today each one with a corner of normal in his inside pocket.

Edgar and Frank.
Edgar Radcliff and Frank Huddleston will ever occupy a warm place in the hearts of their Ada constituency for as in Ada they had no enemies among their colleagues, but were universally popular. They were valuable members of the legislature. Ada's success was largely due to the house's appreciation of their personalities and intelligent public service.

Alderman Shed Chapman.
Shed Chapman met his old country acquaintance, Battleaxe Glover of Chickasha in the legislative chambers. It is needless to say that, notwithstanding Glover has always been against Ada, that he voted right once. Shed knows how, as is well remembered by his old Hopkins county neighbors.
It is too bad that the Dallas News and Oklahoman haven't any correspondents in Ada or Guthrie, that have any care for Ada's reputation or the News capacities of their respective publications. Their reports of the Ada normal indicate as much.

W. O. W. DURING YEAR 1908 MADE GREAT PROGRESS

ANNUAL REPORT IS MADE BY STATE MANAGER.

Increase in Membership, Net, Is 4,244.
Death Rate Reduced—Fourth Place in Numerical Strength.

Chickasha, Ok., March 11.—The annual report of R. L. Forgan, state manager, read in the head camp, shows that the W. O. W. made remarkable strides during the year 1908. Summarizing, Mr. Forgan says: "There was written up in the state of Oklahoma 8,932 applications during the year. Of this number 7,236 were approved and certificates issued thereon, and our net gain, after deducting lapses and deaths, is 4,244 members, being double the increase shown by the sovereign jurisdiction with the exception of Texas. Among the different state classes held throughout the jurisdiction we led all others with a class of 4,993 applications, beating the record class of 1,305 at Omaha by 2,193 applications, the Oklahoma state class initiation being the largest class ever introduced not only in the United States, but in the entire world. We jumped into fourth place in strength of membership in all the states of Woodcraft. We completed the year with 428 camps and with 23,356 members in good standing.

At the end of the year 1908 the Woodmen of the World had 439,285 members in the United States—a gain of 108,565 in 1907 and 1908. On the same date the order had in force insurance to the amount of \$692,349,500—a net gain of \$137,199,400. The total claims paid during the year 1908 amounted to \$27,369,643.

GOVERNOR MAY CALL A SPECIAL ELECTION ON REFERRED MEASURES

ADDED POWER TO EXECUTIVE IN MATTER OF SPECIAL MEASURES—INITIATED BY PEOPLE.

Guthrie, Okla., March 12.—Governor Haskell has signed the Taylor-Franklin-Billups bill giving the governor a discretionary power to call special elections for all measures initiated by the people or under the referendum on any measure passed by the legislature.

This bill is apparently an added power to the office of governor in the matter of any special measures, and under it any initiated question could have an easy chance of being defeated. The governor may not call a special election, in which event the measure would be voted on at a general election, and that a constitutional amendment could not easily carry at a general election was proven last fall where two measures received a majority of the votes cast on the subject but not a majority of the total vote cast at the election. Chances, therefore, as a special election would be much better.

Minister Received a Good Pounding.

The members of the Christian church and friends made a nocturnal trip last night to the home of Rev. C. E. Smoot and proceeded to pound them in the good old-fashioned way. All enjoyed themselves with music, story and song. They left pastor and his family with many happy returns.

Airdome Meeting.

Under the auspices of the Pastors' Association of this city there will be services at the Airdome Sunday afternoon at 3 o'clock. Rev. C. E. Smoot will preach. Special music. Come! Bring your friends.

The Shivers.

The manner in which Chief Clerk Ebey demanded that every legislator get on record on the final Ada normal vote produced a malady of shivers among a little contingent of the legislature.

Haskell will sign the Ada normal bill according to his promise of yesterday.

COOPER HAD RIGHT TO KILL CARMACK

SO DECLARED JUDGE ANDERSON LEADING CRIMINAL LAWYER BEFORE JURY.

Nashville, Tenn., March 12.—"Come back again tomorrow, ladies and gentlemen, and we will have an entire change of program for you," cheerfully announced Judge Hart, who is presiding at the hearing, at the conclusion of today's session of the trial of Col. D. B. and Robin Cooper and John D. Saarp for the murder of former U. S. Senator Carmack. The court included this announcement in an expression of thanks to the spectators for their good conduct.

The defense's battery was turned on the state today with telling effect when Judge James McFerrin Anderson began his argument.

Judge Anderson, who is considered one of the ablest criminal lawyers in the state, is chief counsel for the defense. Strangely enough he was a close personal and political supporter of Senator Carmack. Although in bad health and worn with the strain of ten weeks of active work, his speech today was brilliant. Only once did he refer to Colonel Cooper as "the old soldier" and not once did he appeal to the sympathies of the jurors. He boldly disclaimed any idea of pleading that any editorial or speech would justify the slaying of Carmack and declared that his client's case rested solidly and alone upon the law implanted in all living beings—the law of self-preservation.

"The law gives them this right," he declared, "whether Colonel Cooper had threatened Carmack's life or not. And even if Robin Cooper had gone over there and struck Senator Carmack in the face with his open hand he would have had a legal right to have killed him, if the senator attempted to draw a revolver."

Judge Anderson declared that this was the law, that he quoted it merely to show how strongly the courts protect the rights of self-defense and to make manifest Robin Cooper's reluctance to shoot until he himself had been shot.

The speaker grew very weak about 4:30 p. m., and asked a continuance until tomorrow when he will close the defense's case. He will be followed by Attorney General McCann, who will close for the state and after the Judge's charge the case will go to the jury.

GOVERNOR SIGNS THE GRAHAM 'CODE' BILL

Guthrie, Okla., March 11.—The governor this afternoon signed the Graham "code" bill, providing for a commission of five lawyers, only three of whom can be from the same political party, at a salary of \$100 per month and expenses each, to revise, codify and compile a two volume set of the Oklahoma statutes to date. The commission is to be provided with offices stenographers and clerical help. No legislator nor partner of a legislator or member of a legal firm with a legislator can be appointed on the commission.

Back Home.

Tom Hope, E. H. Lucas, Sam Kerr, Shed Chapman, C. M. Chauncey, W. J. Reed, Judge Galbraith and Crockett Hargis returned home from Guthrie today.

DAYS OF NEGRO OFFICIAL PASSED DOWN IN DIXIE

CHICAGO TRIBUNE INDICATES THE POLICY OF PRESIDENT TAFT'S ADMINISTRATION.

Chicago, Ill., March 12.—The passing of the professional Southern negro politician as a federal officeholder, by right of color, has been made an essential feature in the proposed policies of President Taft, says the Tribune today in a news article. Hereafter Southern white republicans will receive the utmost consideration in filling the "big" places in the federal service below the Mason and Dixon line.

The places which have been allotted to the negro republicans as a matter of custom will go to Northern negroes rather than to the southern black men.

News of this complete change in administration policy arrived in Chicago directly from the white house. The information was disclosed in connection with the candidacy of Col. John R. Marshall, commanding the Eighth Infantry, Illinois National guard, the negro regiment, for the post of Recorder of Deeds for the District of Columbia.

Col. Marshall's candidacy has the tentative backing of Senator Cullom and he is seeking the support of the republican organization leaders in Chicago as a necessary step to taking up the matter officially with President Taft.

The statement is made with authority that Senator Cullom had discussed the proposition with President Taft and that the president disclosed his views on the negro republicans to Senator Cullom as has been indicated.

REPUBLICANS AND THE ELECTION LAW

Republican Minority Leader in House Writes Norris Asking Republican Committee Meeting April 1.

Guthrie, Ok., March 12.—Representative Clark of Pawnee County, who was the republican minority's candidate for speaker of the Second Legislature, has written to state chairman Norris of the republican committee, asking him to call a meeting of the committee at End April 1 for the purpose of determining the party's course toward the recently enacted general law. The law is looked upon by republican members of the legislature as favoring the party in control of the state machinery, hence, they say disadvantageous to their own party. It is understood that the policy to be settled at the End meeting will also include whether a referendum will be asked upon the bill recently approved which vests discretion in the governor as to whether referred and initiated bills shall be disposed of at a special or general election; also whether a referendum will be asked against the new general election measure or the initiation of an entirely new bill. By calling for the referendum both measures can be placed out of commission until the next general election; otherwise they become effective in June. If the election bill is suspended republicans will have their hope on winning the next legislature and repealing the law or amending it as they desire.

The state school land lessees and the state cattlemen's association will be in session in End also on April 1.

DAY, HAYS AND HARRIS--THOMPSON AND BROWNLEE

CODE COMMISSION IS NAMED. Five Members, Three Democrats and Two Republicans, Appointed to Codify Statutes.

Guthrie, Ok., March 12.—Gov. Haskell today announced the appointment of Jean P. Day of Poteau, Sam H. Harris of Oklahoma City, J. T. Hays of Hobart, Judge J. T. Thomas of Muskogee and W. R. Brownlee of Kingfisher as members of the state code commission, authorized by an act of the legislature approved Wednesday. The commission is to revise, codify and annotate the statutes of the state, including all laws passed by the First and Second legislatures. Civil and criminal laws are to be in separate volumes, and 500 copies are to be for distribution among members of the legislature and the state administration.

Members of the commission receive \$400 per month, and the term of service extends from April 1 to Dec. 1 of this year. The first three members are democrats and the last two republicans, the law having provided that no more than a majority should be of the same political party. The commission will name its clerical force.

Rexall
"93" HAIR TONIC
Our faith in the superior remedial qualities of Rexall "93" Hair Tonic is so strong that we promise to return your money—without question or quibble—if it does not do what we claim it will.
Because it contains Resorcin, Beta Naphthol, Pilocarpin, Borax, Glycerin and Alcohol in perfect combination, Rexall "93" Hair Tonic provides the softening, cleansing, antiseptic, germicidal, stimulating and nourishing properties, so desirable and necessary for the successful treatment of scalp and hair troubles.
If used according to directions for a reasonable length of time, we are absolutely positive that it will thoroughly cleanse the scalp and hair, relieve irritation, eradicate dandruff, stimulate the hair follicles and papilla, revitalize and nourish the hair roots, stop falling hair, prevent baldness, promote hair growth and make the hair naturally soft and silky.
You must realize that we would not dare back up our claims with such a liberal offer unless we were positive that we can substantiate our statements in every particular, and the most skeptical person should at least be willing to try Rexall "93" Hair Tonic at our risk.

Ebey Seared Solons.
It is said that Hon. W. H. Ebey, chief clerk of the house of the late legislature, when he appeared at his desk in plain view of the entire membership yesterday morning for the first time since his partial recovery from a short, but serious illness, that so much like a phantom and one come to claim his own did he appear, that Ada's normal stock on the single moment took on a preceptable rise.
On yesterday Mr. Ebey clinched many results from two months of most industrious labor.
